

Hi Everyone,

As some of you will know we have changed the format for our Black Jug Fishing competition, to look after our fish stocks is everyone's responsibility so to do our bit we are **drawing a maximum length on the morning of the competition**. Anything over that selected length will not be eligible. Then it comes down to the weight. The heaviest snapper from the random length chosen down becomes the winner of the Black Jug. (The longest fish may not necessarily win)

E.g. – Maximum length 71cm

Tom – 71cm 6.23KG

Peter – 71.6cm N/A

Mary – 71cm 6.30KG

Paddy – 70cm 6.32KG

The target length you will have to get off Pete, Marge, Peter Ganley or Barry Kearney (Who are official referees for the comp)

Length will be drawn at 10.30AM Friday morning of the competition.

**All entrants** must be able to communicate to one of these referees by txt email or mobile by 11AM Friday. **It is your responsibility to know the target.**

Fish will be kept and cut opened for obvious reasons because we see the comp being very close.

In the case of a draw, the money will be split.

**\*\*Also nothing under 40CM will be eligible for (Average/Mystery) weight.**

**Good Luck, Any Questions please call us at Tipi & Bobs 09 4290550
